

# Pile Turners

A compact user-friendly paper handling device that dramatically reduces press loading time.

## Turn paper piles in 30 seconds!

A compact user-friendly paper handling device that dramatically reduces press loading time.

The Premier EZ Turner is the fastest load turner in the world. It offers increased operator safety and reduces fatigue by eliminating slow hand stacking. Productivity is improved and waste is reduced.

The paper load is turned in under 30 seconds, with zero pressure placed on the load.

- Easy to use
- Turns 544kg of paper up to 94cm high
- Turns a load of paper over in less than 1 minute
- Simple design, no hydraulic or electrical motors
- No maintenance
- Zero pressure on the load
- Affordable, will pay for itself in a few months
- Multi-use functionality
- Mobile, easy to move
- Handles up to 1,050mm wide paper
- Reduce or eliminate worker's compensation claims for back and wrist problems
